Lincolnshire
COUNTY COUNCIL

The Family Information Service

The Family Information Service (FIS) is the central place to find information on a wide range of children and family services across Lincolnshire, from childcare and leisure activities to financial benefits and support groups, to working with children. The FIS works closely with Children's Centres and extended schools to offer information directly to communities at local sites.

Family Information Service

Childcare

We have information on Ofsted-registered childcarers such as childminders, pre-schools, day nurseries and out of school clubs, as well as some useful unregistered provision such as parent and toddler groups and extended school activities.

Family Services Directory

The Family Services Directory website - www.lincolnshire.gov.uk/fsd - has details of a range of organisations and activities that offer family support, leisure activities and advice for families across Lincolnshire.

Children with Disabilities and Additional Needs

We have a range of information about accessible and inclusive leisure activities, short breaks and childcare. We also promote the 4all database for children with disabilities and additional needs aged 0-19 and their families. The FIS can also put parents of children with complex disabilities in touch with a trained parent volunteer at the Parent Partnership service.
