

Date _____

Name Ronnie

I've most enjoyed the pancakes because I got to make them and I got to measure correctly, stir for the right amount of time and was able to make pancakes. The pancakes were small but very nice and I really liked watching them bubble and cook.

I learnt about wheat, pigs and oats and how many hours of sunshine (1250), how many buckets of rain (109) and how long the crops took to grow (300 days) and I liked it when William was talking about tractors. I didn't know tractors had computers in them.

Anyway thank you for coming to our school I had loads of fun it was great.
